DECLARATION AND CERTIFICATION OF FINANCES

(REQUIRED FOR NON US CITIZEN APPLICANTS ONLY)

Please note: This is a required form for all non-US Citizens or Permanent Residents. Any student not eligible for federal need-based aid must complete this form. Tulane University will not review a student's application for admission until this form has been submitted to the Office of Undergraduate Admission. The purpose of this form is to certify that you can provide the finances necessary for tuition cost and living expenses during the school year. You should certify the maximum estimated amount you and your family can comfortably contribute on a yearly basis, up to \$95,623. Regardless of the amount certified, students can be equally considered for merit- and need-based scholarships. The maximum need-based financial aid awarded by Tulane to international students is \$30,000 per year; however, some students may qualify for further scholarship based on participation in a program with certain partner organizations. The maximum merit-based scholarship (requiring strong SAT or ACT scores) students are automatically considered for is \$55,000 annually. Therefore, to receive admission by the earliest date possible, you should certify that you can provide at least \$40,623 (=\$95,623 minus \$55,000). If the amount a student certifies combined with merit and need-based scholarships we are able to offer is below \$95,623, we may not be able to offer admission at that time. Those students will be evaluated for admission again later in the year when applications for full-tuition merit scholarships (valued at \$71,997 annually) become available. Even with a full-tuition scholarship, students should still be able to certify \$25,000-\$30,000 at minimum to cover the costs of housing, meal plans, and other expenses. An extremely limited number of full cost of attendance merit awards are available annually, and students certifying less than \$25,000 annually can only be admitted if receiving those awards. Merit-based awards may require a separate application. Visit admission.tulane.edu/tuition-aid/merit-scholarships for more information. The information provided on the Declaration and Certification of Finances must be true and accurate. The inclusion of false information is grounds for any immigration approval to be revoked. Failing to submit the form in a timely manner will delay your admission decision. Please be aware that a student visa does not permit you to work off campus in the United States.

*International transfer applicants must certify that they can provide at least \$65,623.
