## SAFETY / COVID

To ensure the health and safety of visitors and Tulane staff, we are implementing the following guidelines:

- All Tulane visitors and staff are required to wear masks or face coverings during their time on campus.
- Campus tours will be given to small groups.
- During check-in, an admission staff member will take visitors' temperature and then provide them with a "visitor sticker." This sticker must be worn and remain visible for the duration of the visit.
- Social distancing will be practiced during the sessions and tour. Please do not move the chairs in the tent.
- **Campus buildings will not be open for outside visitors.**

The university's plans are subject to change pending city, state, and federal guidelines. All of Tulane's health and safety policies developed in response to the Covid-19 outbreak can be found online here:
