ABOUT THE LOCATIONS

RABAT

Rabat, Morocco's capital and second-largest city, has a population of 3 million. Rabat hosts Morocco's most prestigious universities, as well as many international institutions such as UNESCO and the World Bank. The city offers a combination of the modern and traditional, stunning colonial architecture, fascinating ruins, lovely gardens and green spaces. It provides a range of opportunities for students to experience its culture through art exhibits, music, and theater. Central Rabat has a modern infrastructure with large office buildings, palm-tree-lined boulevards, cafés, restaurants, and shopping centers.

SEVILLE

Seville, the capital of Spain's Andalusia region, is a unique city that manages to preserve its past while offering all the conveniences of a modern commercial hub. It's the birthplace of the great Renaissance painter Velazquez and the city from which Ferdinand and Isabella ruled Spain in the late 15th century. Seville was one of the last footholds of the Moorish empire that ruled the Iberian Peninsula. It is home to the ingenious barber of Seville and the tempestuous Carmen. For a city of fewer than 800,000, Seville offers amazing cultural activities, from flamenco to classical, pop, and jazz concerts.
